

## The Goal of a Social Code of Conduct

Is to create a safe and productive learning environment where teachers can teach and all students can learn.

East Windsor Middle School  
students are:

- Respectful
- Responsible
- Productive
- Safe

## EWMS's Social Code of Conduct

Is a framework for enhancing the capacity of schools to educate all students by developing research-based, school-wide and classroom behavior support systems.

The East Windsor Middle School Team has created a unique program specific to the needs of our school. This program will work to develop individuals who are **Respectful, Responsible, Productive, and Safe** life-long learners.

Our Social Code of Conduct includes school-wide procedures and processes intended for all members of our school community. The EWMS team consists of faculty, staff, students, and community members who work together to problem solve, plan, and evaluate school climate.

## Social Code of Conduct at EWMS

We have adopted a uniform set of **school-wide expected behaviors**. Students will see these behavior expectations posted throughout the school and will be learning them throughout the school year.

One aspect of our program is to **recognize students for positive behaviors**. This recognition is meant to encourage students to be their best and to make good choices every day.

As part of our approach, teachers and staff will use evidence-based practices to increase student learning and decrease classroom disruptions.

## Promoting Positivity

To encourage students to act in a positive manner we will:

- ⇒ **Teach and reinforce our school-wide expectations**
- ⇒ **Recognize students for meeting school-wide expectations**
- ⇒ **Model mutual respect and appropriate behaviors**
- ⇒ **Cue, prompt, and redirect throughout the building**
- ⇒ **Look for the positive first and provide constructive, immediate, and clear feedback**

We have also developed a school-wide system of consequences and clearly

defined behaviors. Should a student receive a consequence for a concerning behavior, you will be notified.
