INSURANCE

A plan of Interscholastic Sports Insurance has been purchased by the East Windsor Public Schools to cover student athletes participating in our organized sports programs. This form of insurance provides that valid claims for injuries sustained as a result of participation in interscholastic athletics will be paid on an EXCESS BASIS. This means that the Board of Education provided insurance would pay any amount in excess of that portion covered by family medical coverage, such as Blue Cross, Blue Shield, etc. In addition, in many cases, payments will be after family medical coverage has paid their portion of the doctor's or hospital expenses.

In case of an injury that requires medical attention, a school official will complete Part 1 of the claim form and forward it to the parent / guardian for subsequent completion and forwarding to the doctor or hospital.

NCAA ELIGIBILITY REQUIREMENTS

Academic Standards for Initial-Eligibility

Academic Standards

The NCAA Eligibility Center verifies the academic and amateur status of all student-athletes who wish to compete in Division I or II athletics.

College-bound student-athletes who want to practice, compete and receive athletically related financial aid during their first year at a Division I or II school need to meet the following requirements:

- Graduate from high school.
- Complete a minimum of 16 core courses for Division I or II.
- Earn a minimum required grade-point average in core courses.
- Earn a qualifying test score on either the ACT or SAT.
- Request final amateurism certification from the NCAA Eligibility Center.

For Division I student-athletes who will enroll in August 1, 2016 and later, the requirements to compete in the first year will change. In addition to the above standards, students must:

- Earn at least a 2.3 grade-point average in core courses.
- Meet an increased sliding-scale standard (for example, an SAT score of 820 requires a 2.5 high school core course GPA)
- Successfully complete 10 of the 16 total required core courses before the start of their seventh semester in high school. Seven of the 10 courses must be successfully completed in English, math and science.

Students that earn at least a 2.0 GPA but not a 2.3 GPA and meet the current sliding scale standard (for example, an SAT score of 1,010 requires a 2.025 high school core course GPA) will be eligible for practice in the first term and athletically related financial aid the entire year, but not competition. Freshmen who are academically successful in the first term will earn the ability to continue to practice for the remainder of the year.

Division III colleges and universities set their own admission standards. The NCAA does not set initial eligibility requirements in Division III.
