March 8, 2019

Dear Parent/Guardian,

The information below will assist you in completing the medical portion of your child's kindergarten registration. The state blue physical exam form must be completed by your physician. Pages 2 and 3 must be completed and signed by your physician. Parents **must** complete the front page of the form and sign it. **Your child is not registered until this blue form is completely finished.** Your pediatrician must also include your child's immunizations with this form.

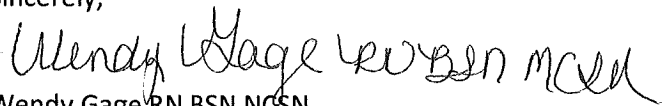

Please note on page 2 of this blue form, every box must be filled in, including the lead level, risk of TB exposure and hematocrit. Children have a lead level completed between the ages of 1 and 2 years old. Your physician must look back in your child's health record and write the lead level that was completed at that time on the form. If your child did not have one done, your physician must order one and provide the school with the results. **No child will be registered without a lead level, risk of TB or hematocrit levels written on the form.**

Your child's physical and oral exam must be completed within twelve months of entry to school so after September 1, 2018. **The completed physical examination form and proof of immunizations must be submitted to school at your time of registration.**

Your child will not be registered without the submission of all required medical information as listed above and therefore will not be permitted to begin school in September. Our School Based Health Center at the Broad Brook Elementary School is open on Tuesdays and Thursdays if your child is in need of a physical exam or immunizations. You may contact the Nurse Practitioner, Jessica Fett, to make an appointment for a physical exam or immunizations at 860-623-2433 ext. 5155

The state blue physical exam form is located on our school website under the health tab. Please print the blue form and bring it to your child's physician at the time of the physical exam. If you are unable to print the form please call us so we can mail one to you. If you have any questions please contact the school nurse, Christie Michaud at 860-627-4986.

Sincerely,

  
Wendy Gage RN BSN NCSN  
Health Care Coordinator
