- E. In investigating reports of bullying, the Safe School Climate Specialist, in conjunction with the Safe School Climate Coordinator will consider all available information known, including the nature of the allegations and the ages of the students involved. The Safe School Climate Specialist or Coordinator will interview witnesses, as necessary, reminding the alleged

perpetrator and other parties that retaliation is strictly prohibited and will result in disciplinary action.

The specific disciplinary consequences imposed on the perpetrator, or personally identifiable information about a student other than the parent/guardian's own child, may not be disclosed except as provided by law.
- B. In any instance in which bullying is verified, the Safe School Climate Specialist, in conjunction with the Safe School Climate Coordinator shall also invite the parents or guardians of the student who commits any verified act of bullying and the parents or guardian of the student against whom such act was directed to separate meetings to communicate the measures being taken by the school to ensure the safety of the student/target and to prevent further acts of bullying. The invitation may be made simultaneous with the notification described above in Section VII. A., as it must include a description of the school's response to such acts, along with consequences, as appropriate.
- C. If bullying is verified, the Safe School Climate Specialist, in conjunction with Safe School Climate Coordinator and mental health personnel in the school shall develop a student safety support plan for any student against whom an act of bullying was directed. Such support plan will include safety measures to protect against further acts of bullying.

- A. If the Principal of a school (or his/her designee) reasonably believes that any act of bullying constitutes a criminal offense, the Safe School Climate Coordinator, on behalf of the principal, shall notify appropriate law enforcement. Notice shall be consistent with the Board's obligations under state and federal law and Board policy regarding the disclosure of personally identifiable student information. In making this determination, the Safe School

Climate Coordinator, on behalf of the principal, may consult with the school resource officer, and other individuals deemed appropriate.

- B. If a bullying complaint raises concern about discrimination or harassment on the basis of a legally protected classifications (such as race, religion, color, national origin, sex, sexual orientation, age or disability), the Safe School Climate Specialist, in conjunction with the Safe School Climate Coordinator shall also coordinate any investigation with other appropriate personnel within the district as appropriate (e.g. Title IX Coordinator, Section 504 Coordinator etc.).

- A. Each school shall maintain written complaints of bullying, along with supporting documentation received and/or created as a result of bullying investigations, consistent with the Board's obligations under state and federal law. Any educational record containing personally identifiable student information pertaining to an individual student shall be maintained in a confidential manner, and shall not be disclosed to third parties without written prior written consent of a parent, guardian or eligible student, except as permitted under Board policy and state and federal law.
- B. The Principal of each school shall maintain a list of the number of verified acts of bullying in the school and this list shall be available for public inspection upon request. Consistent with district obligations under state and federal law regarding student privacy, the log shall not contain any personally identifiable student information, or any information that alone or in combination would allow a reasonable person in the school community to identify the students involved. Accordingly, the log should be limited to basic information such as the number of verified acts, name of school and/or grade level and relevant date. Given that any determination of bullying involves repeated acts, each investigation that results in a verified act of bullying for that school year shall be tallied as one verified act of bullying unless the specific actions that are the subject of each report involve separate and distinct acts of bullying. The list shall be limited to the number of verified acts of bullying in each school and shall not set out the particulars of each verified act, including, but not limited to any personally identifiable student information, which is confidential information by law.
- C. The Principal of each school shall report the number of verified acts of bullying in the school annually to the Department of Education in such manner as prescribed by the Commissioner of Education.

X. Other Prevention and Intervention Strategies

- A. There is no one prescribed response to verified acts of bullying. Traditional disciplinary action against the perpetrator of such bullying, whether, and to what extent, to impose disciplinary action is a matter for the professional discretion of the building principal (or his/her designee). No disciplinary action

may be taken solely on the basis of an anonymous complaint. As discussed below, schools may also consider appropriate alternative to traditional disciplinary sanctions, including age-appropriate consequences and other restorative or remedial interventions.

B. The following sets forth possible interventions which may also be utilized to enforce the Board's prohibition against bullying:

i. Non-disciplinary Interventions

When verified acts of bullying are identified early and/or when such verified acts of bullying do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered bullying. Students may also be subject to other forms of restorative practices or remedial actions, appropriate to the age of the students and nature of the behavior.

ii. Disciplinary Interventions

When acts of bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences up to and including suspension and expulsion. Anonymous complaints, however, shall not be the basis for disciplinary action.

iii. Interventions for Bullied Students

The building principal or his/her designee shall intervene in order to address incidents of bullying against a single individual. A student who is the target of bullying will have a Safety and Support Plan which may include the following:

- a. Counseling;
- b. Increased supervision and monitoring of student to observe and intervene in bullying situations;
- c. Encouragement of student to seek help when victimized or witnessing victimization;

iv. General Prevention and Intervention Strategies

In addition to the prompt investigation of complaints of bullying and direct intervention when acts of bullying are verified, other district actions may ameliorate potential problems with bullying in school or at school-sponsored activities. While no specific action is required, and school needs for specific prevention and intervention strategies may vary from time to time, the following list of potential prevention and intervention strategies shall serve as a resource for administrators, teachers and other professional employees in each school. Such prevention and intervention strategies may include, but are not limited to:

- a. School rules prohibiting bullying, harassment and intimidation and establishing appropriate consequences for those who engage in such acts;
- b. Adequate adult supervision of outdoor areas, hallways, the lunchroom and other specific areas where bullying is likely to occur;
- c. Inclusion of grade-appropriate social emotional learning and bullying prevention curricula in kindergarten through high school, which will include instruction regarding building safe and positive school communities including developing healthy relationships, sexual abuse education and preventing dating violence as deemed appropriate for older students;
- d. Individual interventions with the perpetrator, parents and school employees, and interventions with the targeted student, parents and school employees;
- e. School-wide training related to safe school climate, which may include Title IX/sexual harassment training, Section 504/ADA training, mental health first aid, sexual abuse prevention and intervention, cultural diversity/multicultural education or other training in federal and state civil rights legislation or other topics relevant to safe school climate;
- f. Student peer mentoring, education and support;
- g. Promotion of parent involvement in bullying prevention through meetings, trainings and individual interventions;
- h. Implementation of an evidence-based model approach for safe school climate and for the prevention of bullying, including any such program identified by the Department of Education;
- i. Use of discipline strategies that promote social and civic learning;
- j. Planned professional development addressing prevention and intervention strategies, which may include building health relationships, preventing sexual abuse and dating violence, school violence prevention, with a focus in evidence based practices
- k. Use of peer mentors to help support a healthy school
- l. Avoidance of sex-role stereotyping;
- m. Continuing awareness and involvement on the part of school employees and parents with regards to prevention and intervention strategies;
- n. Modeling by teachers of positive, respectful, and supportive behavior that promotes a physically, intellectually, and emotionally safe and supportive teaching environment;
- o. Building a community that celebrates individual and collective accomplishments and promotes a collaborative and supportive atmosphere.

- B. In addition to prevention and intervention strategies, administrators, teachers and other professional employees educate students about socially appropriate behavior. Administrators, teachers and other professional employees will intervene promptly whenever they observe mean-spirited student conduct, even if such conduct does not meet the formal definition of “bullying.”

XI. Annual Notice and Training

- A. Students, and parents or guardians of students shall be notified annually of the process by which students may make reports of bullying.
- B. The Board shall provide for the inclusion of language in student codes of conduct concerning bullying.
- C. At the beginning of each school year, each school shall provide all school employees with a written or electronic copy of the school district’s safe school climate plan and require that all school employees annually complete training on the identification, prevention and response to bullying as required by law.

XII. School Climate Assessments

On and after July 1, 2012, and biennially thereafter, the Board shall require each school in the district to complete an assessment using the school climate assessment instruments, including surveys, approved and disseminated by the Department of Education. The Board shall collect the school climate assessments for each school in the district and submit such assessments to the Department.

COBRA - Benefits Continuation

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under East Windsor Public Schools' health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events include but are not limited to: resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; and a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at East Windsor Public Schools' group rates. East Windsor Public Schools provides each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under East Windsor Public Schools' health insurance plan. The notice contains important information about the employee's rights and obligations.

ERISA

Statement Of Employee Retirement Income Security Act (ERISA) Rights

As a participant of Town of East Windsor's plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan members shall be entitled to:

- Examine all plan documents, at the plan administrator's office, without charge. This includes insurance contracts and copies of all documents filed by the plan with the U.S. Department of Labor including detailed annual reports and plan descriptions.
- Obtain copies of all plan documents and other plan information upon written request to the plan administrator. The administrator may make a reasonable charge for the copies
- Receive a summary of the plan's financial report. The plan administrator is required by law to furnish each member with a copy of this summary annual report.

In addition to creating rights for plan members, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan members and beneficiaries. No one, including your employer, may terminate you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied in whole or in part, you must receive a written explanation of the reason for denial. You have a right to have the plan reviewed and your claim reconsidered.

If you have any questions about your Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

First Aid - Accidents

If an accident or illness should occur, no matter how slight, notify your manager or supervisor immediately so that appropriate medical treatment can be administered. Contact the school's main office to obtain medical and custodial services, as needed.

It is imperative that employees take extreme care in case of an accident. The transfer of any body fluids (blood, saliva, urine, etc.) may pass on communicable disease. Use caution to avoid contact with these body fluids. **Each first aid kit contains plastic gloves, please be sure to use them.**

On the job injuries will be handled in accordance with the Workmen's Compensation laws. Any employee who is injured while on the job must notify the Human Resources Department immediately to be eligible for coverage provided under the Workmen's Compensation Act.

FMLA - Family and Medical Leave Act

The Family and Medical Leave Act of 1993 (FMLA) requires Companies with 50 or more employees to allow eligible employees to take up to 12 weeks of unpaid leave within any 12-month period for qualified family and medical events and be restored to the same or equivalent position upon their return. The 12-month period is calculated as follows: "Rolling" 12-month period in which the 12-month period is measured backward from the date an employee uses FMLA leave. FMLA leave taken within the 12 preceding months will reduce the amount of leave entitlement under this provision. If there are State Family Leave laws as well as the Federal Family and Medical Leave law that affect employees, the more generous provisions of the law will apply. As an employee of East Windsor Public Schools, you may be eligible for FMLA leave if you have worked for the district for at least 12 months (which need not be consecutive), and for at least 1,250 hours in the last 12 calendar months (excluding Paraeducators). Paraeducators may eligible if they have worked 950 hours in the 12 months immediately preceding an FMLA leave. You must also be employed at a worksite that has 50 or more employees within a 75-mile radius. Family Leave must be granted for any of the following reasons:

- To care for your child after birth
- To care for your child who has been placed with you for adoption or foster care. Under the above circumstances, leave must be completed within 12 months of birth, adoption or foster placement. Medical leave must be granted for any of the following reasons:
- For your own "serious health condition" which renders you unable to perform an essential function of your position.
- To care for a spouse, child or parent (covered relative), with a "serious health condition".

A "serious health condition" is defined as any illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical care facility, or continuing treatment by a health care provider due to: a health condition lasting more than three consecutive days; pregnancy or prenatal care; a chronic, serious health condition which continues over an extended period of time; a permanent or long term condition for which treatment may not be effective; and any absences to receive multiple treatments for restorative surgery, or for a condition which would result in a period of incapacity if not treated.

The military family leave provisions of the Family and Medical Leave Act (FMLA) entitle eligible employees of covered employers to take FMLA leave for any "qualifying exigency" arising from the foreign deployment of the employee's spouse, son, daughter, or parent with the Armed Forces, or to care for a service member with a serious injury or illness if the employee is the service member's spouse, son, daughter, parent or next of kin.

If both spouses work for the district, they may only take together a **combined** total of 12 weeks to care for the same individual. All available paid leave will first be substituted for any unpaid/family leave. However, the substitution of paid leave time for unpaid leave time does not extend the 12-week leave period. Your family/medical leave runs concurrently with other types of leave. During FLMA leave, outside employment is prohibited. You may be required to provide advance notice of leave. Failure to provide such notice for leave may be grounds for delay of leave. If the leave is foreseeable you

must ordinarily provide 30 days' advance notice. When the need for leave is not foreseeable, you should notify the district within two business days of learning of your need for leave, if possible. Request for Leave forms are available from the Human Resources department and on the district website. If you take leave due to your own serious health condition or to care for a covered relative, you must contact the district on 15th of each month regarding the status of the condition and your intention to return to work. We may require medical certification to support a request for leave because of your own or a covered relative's serious health condition. We may also require second or third opinions at our expense. Subsequent medical recertification may also be required. Failure to provide requested certification within 15 days, except in extraordinary circumstances, may result in delay of further leave until it is provided. Medical Certification forms are available from the Human Resource department. Leave because of a serious health condition may be taken intermittently or on a reduced schedule, if medically necessary. We will require that you, if at all possible, attempt to schedule intermittent leave in a manner that will create the least disruption to the school's operations. In addition, while you are on intermittent leave, the company may temporarily transfer you to an available alternate position that better accommodates your recurrent leave and which has equivalent pay and benefits. If leave is unpaid, we will reduce your salary based on the amount of time actually worked. During an approved FMLA leave, the district will continue to pay for its share of your group health insurance. If paid leave is substituted for unpaid family/medical leave, the district will deduct your portion of the group health premium as a regular payroll deduction. If your leave is unpaid, you must pay your portion of the premium. If your health care premium payment is more than 15 days late, we will notify you in writing to this effect. Your health care coverage will cease if your premium payment is more than 30 days late. If you elect not to return to work, you will be required to reimburse the company for the cost of the premiums paid by the company during your leave, unless you cannot return to work due to a serious health condition or circumstances beyond your control.

The district will require at least two days' advance notice of your intent to return to work, if you wish to return earlier than expected. In addition, we may require a fitness for duty report from your healthcare provider. If you do not intend to return to work, we require that you provide a written statement to this effect. *Except as mandated by law, the district may revise this policy as needed at its discretion.*

The East Windsor Public Schools prohibits retaliation against any employee who complains of sexual harassment or who participates in an investigation. All aspects of the complaint-handling procedure will be handled discreetly. However, it may be necessary to include others on a need to know basis.

All incidents of prohibited harassment that are reported will be investigated. Appropriate action will also be taken to correct the effects of the harassment and to deter any future harassment.

HIPAA

The Health Insurance Portability and Accountability Act of 1996

HIPAA was signed into law on 8/21/96. HIPAA's provisions limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; guarantee renewability and availability of health coverage to certain employers and individuals; and protect many workers who lose health coverage by providing better access to individual health insurance. Your Insurance Carrier will probably handle most of HIPAA's rules and regulations. See your Plan Administrator for more details.

HIPAA Special Enrollment (Federal Register Section 54.9801-6T) - The special enrollment rights apply without regard to the dates on which an individual would otherwise be able to enroll under the plan. Special Enrollment periods are to apply to you and/or your spouse and/or your child/ren if **you have a new dependent as a result of marriage, birth, adoption or the placement for adoption**. Under these rules, a group health plan is required to provide a special enrollment period for these individuals should they request enrollment within **30 days** after a special enrollment event has occurred.

HIPAA Special Enrollment for Declining Enrollment - If you are declining enrollment for yourself or your dependents (including your spouse) and **you state in writing that you and/or your dependents have coverage under another group health plan** or health insurance coverage as the reason for declining to enroll, then special enrollment rules may apply to you and/or your spouse and/or your child/ren in the **event you and/or your dependents have lost this other coverage due to the loss of eligibility**.

Holidays

East Windsor Public Schools will grant holiday time off to all employees on the holidays listed in the bargaining unit's contracts.

Jury Duty

Employees must show the jury duty summons to the administrator as soon as possible so that the administrator may make arrangements to accommodate the absence. Of course, employees are expected to report for work whenever the court schedule permits.

Either East Windsor Public Schools or the employee may request an excuse from jury duty if, in East Windsor Public Schools' judgment, the employee's absence would create serious operational difficulties.

Subject to the terms, conditions, and limitations of the applicable plans, East Windsor Public Schools will continue to provide health insurance benefits for the full term of the jury duty absence.

Key Fob

East Windsor Public School district is issuing a key fob to you for your printing needs and for access to the school building. If it is lost or destroyed, you are responsible for the replacement. The key fob is meant for your use only. Sharing it with an unauthorized user will result in disciplinary action up to and including termination.

Leaves (Paid or Unpaid)

In general, a leave of absence is an official authorization to be absent from work **without pay** for a specified period of time. Eligible employees may be entitled to job-protected family or medical leaves of absence if they are unable to come to work due to pressing family or medical concerns as described within the FMLA Policy.

Both paid and unpaid time off may be granted to eligible employees. Please consult the Human Resource Manager's office for further information.

Leaves – Personal Days

Occasionally, for medical, personal, or other reasons, you may need to be temporarily released from the duties of your job with East Windsor Public Schools. See your bargaining unit's contract regarding requesting these days.

As soon as eligible employees become aware of the need for a personal day, they should request a leave from their administrator.

If an employee fails to report to work promptly at the expiration of the approved leave period, East Windsor Public Schools will assume the employee has resigned.

For Medical Leaves exceeding 3 days, see FMLA (Family Medical and Leave Act).

Ref. BOE Policy 4152.6/4252.6

Sick Leave Benefits

The East Windsor Public Schools Sick Leave benefit is per each bargaining unit's contract. East Windsor Public Schools provides paid sick leave benefits to all eligible employees for periods of temporary absence due to illnesses or injuries.

Sick leave benefits are intended solely to provide income protection in the event of illness or injury, and may not be used for any other absence. Unused sick leave benefits will not be paid to employees while they are employed or upon termination of employment.

Vacation Benefits

Vacation policies are outlined in each bargaining unit's contract.

Accrued but unused vacation time may be carried over with prior approval from the superintendent. Accrued vacation time will be paid out upon termination of employment.

Mail - Personal

The use of East Windsor Public Schools paid postage for personal correspondence is not permitted.

Occasionally we receive mail addressed to an employee's attention and marked "Personal and Confidential." Sometimes these pieces of mail are inadvertently opened, and sometimes they are opened because the addressee is not here and it is believed that the piece of mail is an important business-related item that requires immediate attention. Accordingly, the company assumes that it has each employee's permission to open any piece of mail received at the office address. For this reason, it would be wise to direct your personal non-business mail to another address.

Mandated Reporting

Suspected Cases of Child Abuse and Neglect

Who must report?

“Connecticut General Statutes (state law) identifies professionals who, because their work involves regular contact with children, are mandated by law to report suspected child abuse and neglect.”

All persons, employees and/or voluntary personnel are mandated to adhere to the East Windsor School District expectations for reporting suspected child abuse and neglect.

In all circumstances a “reasonable cause to suspect” is necessary. This means that the expectation is to report on what a mandated reporter has heard, observed, and/or suspected. All reports received in good faith are legally protected and confidential unless in specific circumstances the name is required to be reported by law.

Notes For Suspected Child Abuse and Neglect

- All School employees are considered to be “mandated reporters”.
- Reasonable cause to suspect includes what is observed, what is told or said, knowledge from professional training and experience.
- Suspicion is enough to file a report based upon what you observe or have been told. (all reports in “good faith” do not implicate the reporter in any way)
- Upon believing there is reasonable cause, the reporter will immediately inform the school social worker, psychologist, and/or nurse. Upon being notified, one of these persons will inform the Behavioral Intervention Specialist.
- If it is determined that a report will be filed, the building administration, nursing or the clinical staff will notify DCF of the concerns, while the identified “first responder” will file the report together with a clinical staff.
- Subsequent to the collaboration with the DCF representative by the school personnel it is determined that a report *will not* be filed, the first responder can file a report with DCF independently from the School District.
- Under no circumstances should a mandated reporter conduct any kind of investigation prior to making a report to DCF.
- This above will be considered a district-wide practice.

Military Leave

East Windsor Public Schools will grant a military leave of absence if you are absent from work because you are serving in the U.S. uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). You must give your Administrator advance notice of upcoming military service, unless military necessity prevents advance notice or it is otherwise impossible or unreasonable.

You will not be paid for military leave. However, you may use any available accrued paid time off, such as vacation or sick leave, to help pay for the leave.

Continuation of health insurance benefits is available as required by USERRA based on the length of the leave and subject to the terms, conditions and limitations of the applicable plans for which you are otherwise eligible.

If you are on military leave for up to 30 days, you must return to work on the first regularly scheduled work period after your service ends (allowing for reasonable travel time). If you are on military leave for more than 30 days, you must apply for reinstatement in accordance with USERRA and applicable state laws.

When you return from military leave (depending on the length of your military service in accordance with USERRA), you will be placed either in the position you would have attained if you had stayed continuously employed or in a comparable position. For the purpose of determining benefits that are based on length of service, you will be treated as if you had been continuously employed.

If you have questions about military leave, contact the Human Resources Department for more information.

Overtime

When operating requirements or other needs cannot be met during regular working hours, employees will be given the opportunity to volunteer for overtime work assignments. All overtime work must receive the supervisor's prior authorization. Overtime assignments will be distributed as equitably as practical to all employees qualified to perform the required work.

All overtime must be approved in advance by your administrator.

Personal Appearance

Personal appearance means how you dress, how neat you are, and your personal cleanliness standards. Your personal appearance can influence what students and staff think about the East Windsor Public Schools.

During business hours or whenever you represent the East Windsor Public Schools, you should be clean, well groomed, and wear appropriate clothes. This is particularly important if your job involves dealing with students and families in person.

If your administrator finds that your personal appearance is inappropriate, you will be asked to leave work and return properly dressed and groomed. If you are asked to leave, you will not be paid for the time you are away from work. See your administrator if you are not sure about the correct clothing standards for your job.

Where necessary, the East Windsor Public Schools may make a reasonable accommodation to this policy for a person with a disability.

Ref. BOE Policy 4118.23/4218.23

Personal Property

East Windsor Public Schools cannot be responsible for personal property that is lost, damaged or stolen. If you bring personal property into the classroom or building, you are responsible to keep track of them.

If you do bring personal property onto school grounds, you need to understand that it will not be covered under the district's insurance and because of limitations on personal homeowners' policies with business property away from the home premises, it may not be covered under your homeowner's coverage either.

East Windsor Public Schools prohibits any items on the premises or worksite that are sexually suggestive, offensive, or demeaning to specific individuals or groups; alcohol or illegal substances; or firearms or other weapons.

Employees should understand that all personal property brought onto the employer's premises may be inspected for purposes of enforcing the organization's policies.

Personnel Files

East Windsor Public Schools maintains a personnel file on each employee. The personnel file includes such information as the employee's job application, resume, and records of training and other employment records.

Personnel files are the property of the East Windsor Public Schools and access to the information they contain is restricted. Generally, only administrators and management personnel of East Windsor Public Schools who have a legitimate reason to review information in a file are allowed to do so.

Employees who wish to review their own file should contact the Human Resource Manager. With reasonable advance notice, employees may review their own personnel files.

Personal Data Changes

It is the responsibility of each employee to promptly notify the East Windsor Public Schools of any changes in personal data. Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in case of emergency, educational accomplishments, and other such status reports should be accurate and current at all times. If any personal data has changed, notify the Human Resource Manager's Office.

The Superintendent or his/her designee may require the pest control applicator to make required postings in accordance with all applicable statutes and with district policy and regulations. The name and address of the applicator shall be a part of any postings.

Pesticide purchases shall be limited to amounts authorized by the Superintendent or his/her designee for use during the school year. Pesticides shall be stored in a secure site not accessible to students or unauthorized staff. Safety

We want East Windsor Public Schools to be a safe and healthy place for employees, students, and visitors. A successful safety program depends on everyone being alert and committed to safety.

We regularly communicate in different ways with employees about workplace safety and health issues. These communications may include supervisor-employee meetings, emails, memos, or other written communications.

You are expected to obey all safety rules. You must immediately report any unsafe condition to the appropriate administrator. If you violate the East Windsor Public Schools safety standards, you may be subject to disciplinary action, up to and including termination of employment.

It is very important that you tell the appropriate administrator immediately about any accident that causes an injury, no matter how minor it might seem at the time.

Telephone (Personal Use)

When necessary, use of the office telephone for local personal calls is permitted.

Personal long-distance calls charged to the company are prohibited. Ask the operator to charge the call to your home telephone number or to your credit card number.

It is expected that you will not abuse the privilege of making personal calls either from the school office phone, classroom or desktop phones in other staff work areas or your personal cell phones during work time and that calls will be short and to the point.

Unless it's an emergency, personal calls or texts will be made during break or lunch times.

If responding to a call or text is deemed an emergency, staff will obtain coverage for their assigned duty and step out of the classroom. Staff will return to their assigned duty immediately or speak with their supervisor if a longer period of time is needed to address an urgent situation.

Termination of Employment

Termination of employment is an inevitable part of personnel activity within any organization, and many of the reasons for termination are routine. Below are examples of some of the most common circumstances under which employment is terminated:

- Resignation - voluntary employment termination initiated by an employee.
- Discharge - involuntary employment termination initiated by the organization.
- Layoff - involuntary employment termination initiated by the organization for non-disciplinary reasons.
- Retirement - voluntary employment termination initiated by the employee meeting age, length of service, and any other criteria for retirement from the organization.

East Windsor Public Schools may schedule a meeting at the time of employment termination. The meeting will afford an opportunity to discuss such issues as employee benefits, conversion privileges, repayment of outstanding debts to East Windsor Public Schools, or return of East Windsor Public Schools-owned property. Suggestions, complaints, and questions can also be voiced.

Employee benefits will be affected by employment termination. All accrued, vested benefits that are due and payable at termination will be paid. Some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing of the benefits that may be continued and of the terms, conditions, and limitations of such continuance.

Wellness Policy (Student Nutrition and Physical Activity)

The East Windsor Public School Board of Education Policy 6142.101 specifies goals and guidelines for promoting student wellness. Excerpts of that policy are included below.

Food in Classrooms

Foods are allowed in classrooms only when it is used to meet specific curriculum/IEP plans. These exceptions must be approved by the Superintendent or designee as well as the school nurse. Once approved teachers may bring in food to meet curriculum plans however these foods must be outlined on the district form (Appendix 5). This list will include all ingredients and must have parent approval. Parents and students are not allowed to provide foods for curriculum lesson plans. Culinary class and/or Family and Consumer Science class is an exception that does not require administrative approval for the use of food in the classroom as this is a food based curriculum. Gum/candy allowed in IEP plans is restricted for use during physical education or health class due to the choking hazard.

Celebrations

The district strongly discourages the use of food for student celebrations. Parents, students and teachers may not provide food to share in the classroom for celebrations. In order to ensure allergen safety teachers may contract with the cafeteria to provide food and beverages for student celebrations. (Appendix 2). A list of non-food items for use in celebrations is attached. (Appendix 3)

Access to Drinking Water

Students and staff will have access to safe, fresh drinking water throughout the school day. Fluoridated or bottled water that does not contain added sugars, sweeteners, artificial sweeteners, or caffeine, should be made available for purchase by students and staff. East Windsor Public Schools are required to make free potable water available where meals are served. Drinking fountains qualify as free potable water. Students are allowed to bring in water bottles from home to drink during the school day. The Superintendent or designee has the right to revoke that privilege at any time based on misuse of the water bottle or its contents.

Sharing of Foods

Students shall not share their foods or beverages with one another during meal or snack times, given concerns with allergies and other restrictions on some children's diets.

Teacher-to-Student Incentives and Punishments

Schools shall not use foods or beverages as rewards for academic performance or good behavior, unless this practice is allowed by a student's individualized education plan (IEP). Alternative rewards should be developed and promoted (Appendix 4).

Schools shall not withhold foods or beverages (including food served through school meals) as a punishment.

Workers' Compensation Insurance

East Windsor Public Schools provides a comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, workers' compensation insurance provides benefits after a short waiting period or, if the employee is hospitalized, immediately.

Employees who sustain work-related injuries or illnesses should inform their administrator and school nurse immediately. No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible. The administrator or school nurse should complete a "Supervisor's Report of Accident" form immediately and forward it to the business office within 24 hours of the accident.

If medical attention is sought, East Windsor Public Schools has established a preferred provider network Concentra Medical Centers for worker's compensation injuries. Concentra Medical Centers has eight locations throughout Connecticut. All work related injuries/illnesses must report to Concentra Medical Centers for the initial evaluation and treatment.

Neither East Windsor Public Schools nor the insurance carrier will be liable for the payment of workers' compensation benefits for injuries that occur during an employee's voluntary participation in any off-duty recreational, social, or athletic activity sponsored by East Windsor Public Schools.
