July 1, 2018

Dear East Windsor Families,

The state of Connecticut recently adopted Public Act 16-189 (an act concerning student data privacy), a new law meant to protect students in the event of a data breach. The East Windsor Public Schools has multiple online products, such as Microsoft Office 365, Administrator's Plus (Student Information Systems Database), and Study Island, where student information is recorded. These products allow us to provide the necessary data to the Connecticut State Department of Education, conduct assessments, and maintain confidential student information vital to providing an education to our students.

Under the new law, any operator or contractor that our school district uses where there is any exchange of student information or data, must enter into a written agreement with the district that complies with the law. Per the newly signed law, these agreements must be available to parents. East Windsor Public Schools will post all signed agreements on our website [www.eastwindsork12.org](http://www.eastwindsork12.org) under <https://www.eastwindsork12.org/district-offices/information-technology/instructional-technology/tech-tools/>.

You can access information about P.A. 16-189 at the following site:

<http://www.ct.gov/ctedtech/cwp/view.asp?a=1182&q=253410>

Please contact [tosimalo@ewct.org](mailto:tosimalo@ewct.org) with any questions.

Thank you

Sincerely,

*Tyrone J. Osoimalo*
