

Good afternoon

I hope you are all enjoying your first few days off of school.

Please see the link below so you can provide feedback on the East Windsor distance learning process. I hope that you will take a few minutes to answer the few questions. Part of the survey also asks questions about your access to technology. We need to gather that information so we can thoughtfully plan should we need to access any distance learning in our next school year. The survey will close Monday June 29.

In addition, there will be summer learning resources on our website. These are not required but are provided to encourage literacy and numeracy during the summer break. Please keep checking back throughout the summer.

I have been informed that we should expect guidance from the Governor's office on re-entry this week. Please know that the administrative team will review the guidance and establish a process for parents to provide feedback on the proposed plans and share concerns or questions that they may have. I thank you in advance for your patience and understanding as we plan for re-entry. I will provide updates as we establish our process or I get additional information from the state.

Thank you for all of the work that families did during the school building closure. We know that it wasn't easy and we appreciate all of the effort given by families and the ongoing communication and feedback. We wish you a relaxing and safe summer.
