

The STEEEM University of Connecticut Scholarship was founded in 2025 by the White family. Our family consists of three University of Connecticut graduates, two generations of East Windsor High School graduates, and a 35 year East Windsor teaching career.

We are proud to offer a \$2,000 STEEEM Scholarship to an East Windsor High School graduate who will be attending the University of Connecticut.

The Scholarship is named STEEEM (Science, Technology, Engineering, English, Education and Mathematics) based on the degrees earned by our family.

Applicant must respond to the following in an essay form.

1. The applicant must state what major they were accepted to in the STEEEM concentrations.
2. What motivates and inspires you to choose this major at the University of Connecticut?
3. Describe your favorite memories, influences and experiences from East Windsor High School that shaped your future career path.
4. What is your ultimate career goal in the STEEEM concentration you have chosen?

PLEASE RETURN TO EWHS COUNSELING OFFICE NO LATER THAN APRIL 24TH, 2026
